PUMPKIN PATCH SURPRISE!

Morning poem • Pumpkin fact • Family questions

Sarah found a pumpkin, round and bright,
Resting on a vine in morning light.
Jessie saw a flower, golden and small,
“Will it grow a pumpkin by the fall?”
A busy bee flew gently by,
Beneath the autumn-coloured sky.
From blossom, vine, and sunshine too,
A little pumpkin starts to grow.

PUMPKIN FACT!

Pumpkins begin as flowers on long vines.
After pollination, some flowers grow into pumpkins.

Little ones: What colours can pumpkins be?

Ages 8-10: Why do flowers matter?
