PUMPKIN SEED VINE PATCH

ORANGE GROW SOIL STEM

Mid-morning • The green line shows the correct pumpkin path

FINISH

Mid-morning • The green line shows the correct pumpkin path

A square maze with a green path highlighted. The path starts at the top-left corner, moves right, then up, then right again, forming a series of connected horizontal and vertical segments. It winds through the maze, avoiding dead ends, and eventually exits the maze at the bottom-right corner. The maze walls are represented by black lines, and the open paths are white space.

$24 - 9 = 15$ pumpkins remain.
